

# Managing Farm Safety ... is Good Business

*Rural Industry has some of the highest rates of injury and workers compensation claims in the country.*

Farmsafe Queensland and Workplace Health and Safety Queensland (WHSQ) have joined forces to offer rural industry **free on-farm property workshops**.

At present, we are seeking interest from Horticulture Producers, Graziers, Sugar-cane; Dairy, Grain and Cotton farmers in your local area to take part in these free on-farm workshops.

Safety advisors from Farmsafe Queensland will come directly to you, at a suitable time, to discuss health and safety issues within the workplace.

The workshops are filled with information that will assist you to meet your legal obligations, as well as giving you practical tips on risk management and managing hazardous situations in your workplace.

Venue: *Your place or suitable venue*

Date & Time: *Best Available,*

*Contact Farmsafe Staff*

## Free on farm workshops

*'Managing Farm Safety' is good business and protects your family's lifestyle, so get a few of your mates and neighbours together and give Farmsafe Queensland a call.*

### Some of the topics covered during the workshop include:

- Ways to **reduce risk**.
